High quality trigger

Trigger lock

Efficient acidic cleaner and cement remover.

Water soluble and non-combustible

Why it's better

-  Safe to use on aluminium, plastic, rubber, glass, and painted surfaces
-  It is also, highly effective in removing inorganic dirt and brick efflorescence.

Great usability

-  It eliminates all residues of cement, glue, grout, and varnish, without changing the color of joints and restoring the original appearance of the treated surface. It also restores the appearance of car seats, armrests, trim, and other interior components.
