PAINT PROTECTION FILM

rhinomotive.com

AVAILABLE IN 43 COLOURS

A state-of-the-art coloured Paint Protection Film (PPF) engineered to seamlessly integrate the best features of PPF with an integrated Ceramic Coating. This innovative film includes a powerful topcoat that delivers self-healing protection and super hydrophobic, self-cleaning capabilities. It prevents colour fading and protects your paintwork from scratches, pesky insects, bird droppings, and stone chips. The result is a smooth surface with exceptional gloss and no orange-peel effect.
